## PROFESSIONAL SUMMARY

Motivated and detail-oriented aspiring Data Scientist with a solid foundation in Computer Science and hands-on experience in Python, SQL, Machine Learning, Deep Learning, and Natural Language Processing. Passionate about leveraging data-driven solutions to solve real-world problems. Currently working on deployed ML models and analytics projects to strengthen expertise and contribute meaningfully to innovative teams.

## EDUCATION

- Bachelor of Engineering in Computer Science, Chandigarh University (2022 - 2026) | CGPA: 7.5/10
- Intermediate (CBSE), DAV Sr. Sec. Public School, Sector 8, Panchkula (2020 - 2022)

## TECHNICAL SKILLS

- Programming & Tools: Python, SQL, Flask, Git, Docker, React
- Data Science: Machine Learning, Deep Learning, NLP, EDA
- Libraries & Frameworks: NumPy, Pandas, Matplotlib, Scikit-learn, TensorFlow
- Other: Mathematics & Statistics, Data Visualization

## PROJECTS

- Student Exam Performance Predictor (Deployed): Built and deployed a full-stack ML model using AWS and Azure to predict student exam outcomes. Included data preprocessing, model training & evaluation, and a basic web UI.
- Laptop Price Predictor: Developed a regression model to estimate laptop prices based on brand, processor, RAM, and other features. Completed full ML lifecycle: EDA, data cleaning, model building, and deployment.
- Website Data Analysis (EDA Project): Performed comprehensive exploratory data analysis on web traffic data using Python. Extracted user behavior insights and visualized trends for business decision support.

## **CERTIFICATIONS**

- Introduction to Databases - Meta, Feb 2024
- Databases and SQL for Data Science with Python - IBM (Credential ID: 3BMKJWSMZDGA)

## **ACADEMIC ACHIEVEMENTS**

- Published research paper "Study Notion - An Ed-Tech Project" in ITIDS 2024
- Active participant in technical fests, workshops, and innovation events at Chandigarh University

## **LEADERSHIP & ACTIVITIES**

- Marketing Head, NextGen Coders (2024): Managed digital and on-campus promotional strategies
- Organizer, SAPFEST 2025: Led end-to-end planning and execution of the university fest

## **INTERPERSONAL SKILLS**

- Team Leadership
- Event Management
- Critical Thinking
- Collaboration

## **LANGUAGES**

- English
- Hindi
- Punjabi

## **INTERESTS**

- Content Writing
- Traveling
- Reading
